Communication Skills, Troubleshooting, and Professional Behavior

Viewing Angga Friyanto's scr...

Relationship Between Communication Skills and Professional Behavior

If you are talking with a customer in person, that customer can see your body language. If you are talking with a customer over the phone, that customer can hear your tone and inflection. Customers can also sense whether you are smiling when you are speaking with them on the phone. Many call center technicians use a mirror at their desk to monitor their facial expressions.
